We trust that you are safe and healthy at home. We are excited to share with you a newly planned activities for our little students.

As you may know, April 23rd marks the holiday of national sovereignty and children's day. Therefore, we decided to include an activity, which consists of the children of the world, their clothes, favorite dishes, and the games played around the world. We added a little bit of geography. While we included explanations about how you should play the games, we also added QR codes for YouTube videos.

We continue diligently to do our best these current circumstances and we hope to meet your expectations. Thank you!
