**Dear Parents,**

When the days are longer and the air is warmer, your soft patch of grass in the backyard is the best (and arguably, the only) place to be. This time of year with this kind of situation (Coronavirus), being in sunshine is so useful for our children's health so we prepared an introduction of playing and activities outdoor and also indoor for having more great moments near your children.

**DCA Foreigner English Department**

Imagine your friends will come to your home for playing with you, just like this funny bear whose friend came to his home, now that you're coloring it, think about what do you like to play with your friends?

Let's start with this game to find out what kind of feeling your friends are like today. Cut them and show one by one and explain the mood of emoji.

Now sit and connect numbers together with lines,  
and wait to see what will create... one line you and  
one line your friend.

### Spring Dot-to-Dot

## Spring Dot-to-Dot

## Spring Dot-to-Dot

Now come to make a beautiful tail for this happy lion with your friends and makes it happier.

Cut out the image of the lion. Punch a hole where the dot is and thread string or a pipe cleaner through the hole to create a tail. Tie it to secure in place. Your lion is now ready to use for different threading activities.

If it is a sunny day you can go to the back yard and play: "**shadow tag**"

But how should play it?

One person is "it". Their job is to try to tag the shadow of the other players by stepping on it. When a person's shadow gets stepped on, they are frozen until another player steps on their shadow. It is so funny and it is an activity full of running and jumping.

## Red Light, Green Light

one child is designated the “stop light” and stands at a distance from the other children, who are in a line. When the stoplight says, “Green light!” everyone moves toward the stoplight. All children must immediately stop when the stoplight says, “Red light!” (Or the child must return to the starting point). Start a new round when one child reaches the stoplight.

**Hide and seek**, one player closes his or her eyes for a brief period (often counting to 20) while the other players hide. The seeker then opens his eyes and tries to find the hiders; the first one found is the next seeker, and the last is the winner of the round.

## Duck Duck Goose

Players form a sitting circle choosing one person to be “it.” The “it” person walks around the circle, touching people’s heads and saying “duck” each time. When the “it” person says “goose,” the “it” person and the goose must run around the circle to make it back to their spot and sit down. If they’re not fast enough and the “it” person sits down before them, that player is the new “it.”

(you can also play it inside of home)

## Blob Tag

one person is “it” and must run around and tag someone. Once tagged, they join hands and try to tag someone else. Everyone tagged has to join hands in the blob until all are part of the blob.

## Spud

Players each get a number depending on how many are playing. Players form a circle around the “it” person. The “it” person throws a ball in the air and calls out one of the players’ numbers. That player must run and grab the ball; in the meantime, everyone spreads out. Once the player grabs the ball, everyone including them must freeze; they must then throw the ball and try to hit someone. If they miss, they’re now “it.” If they hit someone, that person is “it.” Once you are “it” you gain the letter S. If you already have an S you get the letter P, and so on. Once you reach SPUD, you are out of the game. To spice up the game, try calling two numbers at once.

## Sly Fox

Choose one of the players to be the fox and have them face away from the rest of the group. The players make a start zone and slowly creep forward toward the fox with the goal of touching them. The fox then has to count to 10 out loud or softly; when they reach 10 they turn around and everyone must freeze. If you get caught moving, you go back to the start. If you reach the fox and touch them, you become the new fox.

✂️ I think you are tired, so let's go to home and draw your favorite painting on this page with your friends, then cut it and mix it and see if you can make it again, yes, this **puzzle** is your handiwork.

## Bubbles

You don't have to go outside to enjoy bubbles. For this indoor game, you need a plate and straw for each player, some dishwashing soap and water. Place a dime-size drop of dish soap at the center of each plate. Pour a little water onto the plate and gently mix with the dish soap until some suds start to form. Place the straw in the suds and blow very gently. Watch as massive bubbles start to form.

Now I show you how to make it:

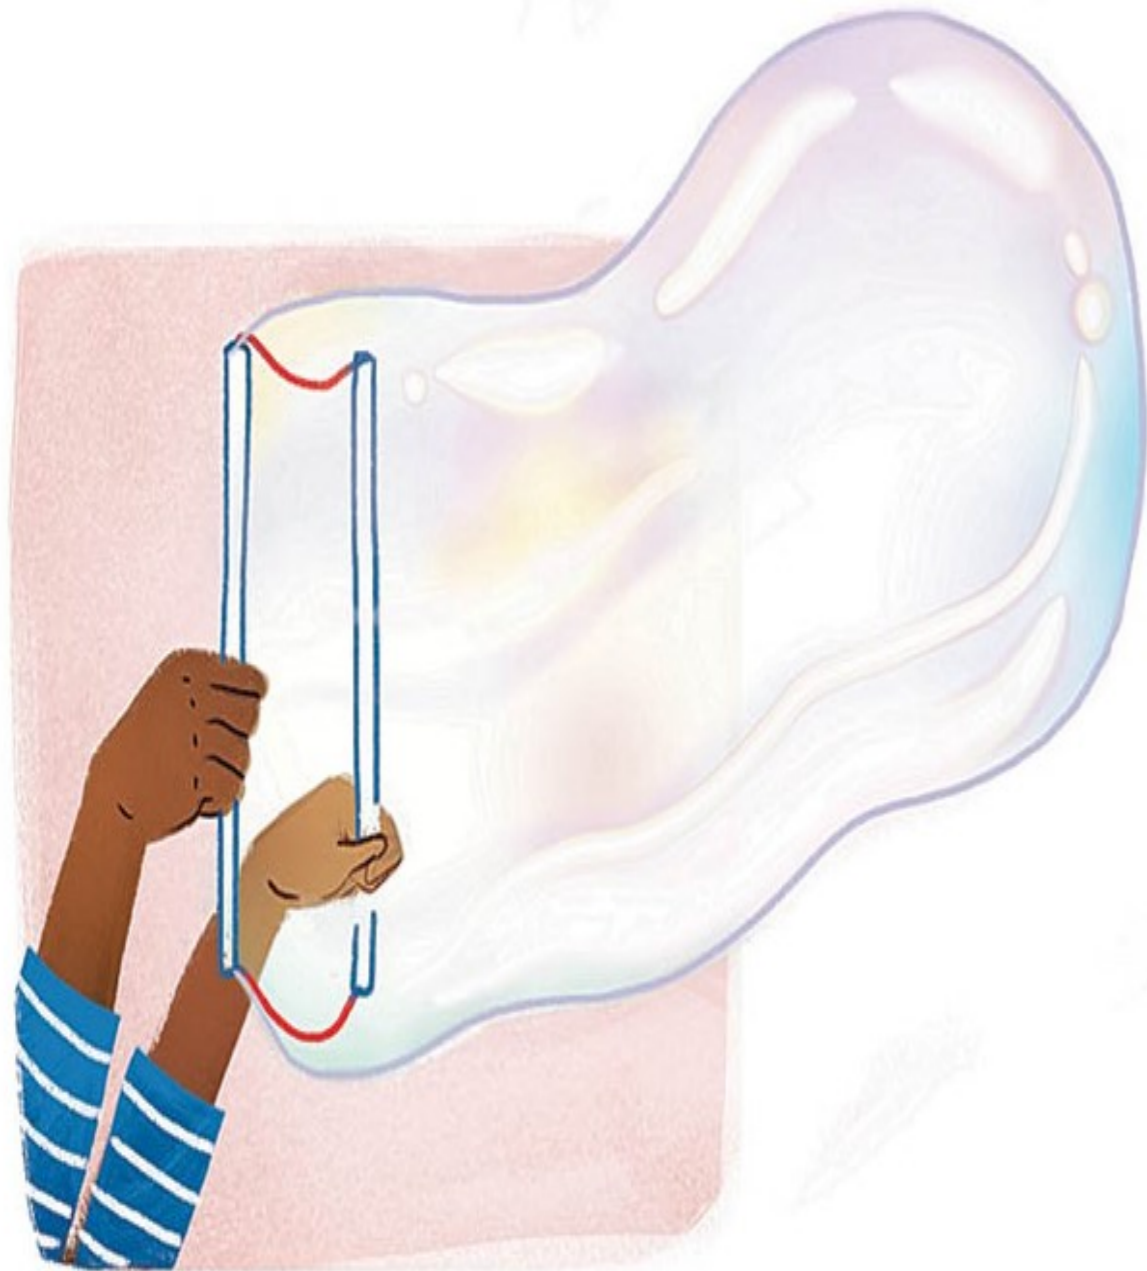

1) Create your own bubble solution by gently combining 1 cup dish soap, 1 tbsp. glycerin and 4 cups water in a large bucket.

2) To make a big wand, get two drinking straws and a piece of yarn that is six to eight times longer than one straw. Thread the yarn through the straws and tie in a knot.

Using the straws as handles, dip the wand into the bubble solution, and then wave it through the air in a large sweeping motion. Tip: Holding your arms high while walking backward results in the strongest, biggest bubbles!

Now Let's have a little rest and read a story together.

Please rotate your booklet so you can read it more easily. I am sure your friends will like your story.

It was springtime in the garden.

Cody the Caterpillar hatched from her egg and  
crawled onto a big green leaf.

She smiled happily.

"I love being a caterpillar!" she said  
and began to eat her tasty leaf.

Just then, a ladybird flew on over.

"You're very lucky!" said the ladybird.

"When you become a butterfly, you  
will have wings, like me!"

"Flying looks very tiring," said Cody.

"I wish I could stay as a  
caterpillar forever!"

"Don't worry," said the ladybird,  
"having wings is great. You can  
always stop for a rest!"

Cody smiled but didn't feel sure.  
"Maybe one day," she said.

She carried on eating and the  
ladybird flew away.

The next day, a bee buzzed on over.

"You're very lucky!" said the bee. "When you become a butterfly, you will sip nectar, like me!"

"I don't think I will like nectar," said Cody. "I wish I could stay as a caterpillar forever!"

Cody smiled but didn't feel sure.  
"Maybe one day," she said.

She carried on eating and the  
bee buzzed away.

A few days later, a grasshopper jumped on over.

"You're very lucky!" said the grasshopper.  
"When you become a butterfly, you will  
have six legs, like me!"

"But I like having sixteen legs," said Cody.  
"I wish I could stay as a caterpillar forever!"

"Don't worry," said the grasshopper,  
"having six legs is great. That's plenty  
for landing on the ground!"

Cody smiled but didn't feel sure.  
"Maybe one day," she said.

She carried on eating and the grasshopper jumped away.

The next day, Cody was full. She thought about everything her friends had told her and decided to be brave.

"Maybe today!" she said, as she changed herself into a chrysalis.

She stayed like that for many days, until she was finally ready to leave her chrysalis...

...and become a butterfly!  
Cody explored the garden, feeling  
happy and proud of her new wings.

"Having wings is great!"  
she said, as she flew  
past the ladybird.

"This is yummy!" she said to the bee, as they sipped nectar together.

"Six legs is plenty!" said Cody, as she landed next to the grasshopper.

That evening, she came across a  
caterpillar eating a tasty green leaf.

"You're very lucky!" said Cody. "When you  
have finished eating, you will become a  
butterfly, like me!"

The caterpillar smiled but didn't look sure.

"I wish I could stay as a caterpillar forever!" he said.

"Don't worry," said Cody. "I loved being a caterpillar too, but trust me, being a butterfly is great!"

## Cody the Caterpillar is nervous about changing into a butterfly.

"Flying looks very tiring," said Cody.  
"I wish I could stay as a caterpillar forever!"  
Will some encouragement from her minibeast friends  
help her to be brave? Join Cody as she learns to  
embrace her exciting transformation.

See...Life with our friends is more beautiful...

So you are so lucky for having your friends, hug them and say them how much you love them...

But I have a question!

Do you know how can we be a good friend?

Let's check these pictures together for taking some information.

Because friendship is an important relationship in our life.

Without friends, we can not play games or do some group activity, and everything can be boring without them...

So please pay attention carefully.

**When someone falls over, I can help them up and ask if they are OK.**

**When someone needs to borrow something, I can lend it to them.**

**When someone looks lonely, I can go and play with them.**

**When someone looks unhappy, I can go and give them some comfort.**

**When someone is stuck with their work, I can help them.**

**When someone is stuck with their reading, I can help them.**

Well done...  
you did all of your activities as well as always.

I want to say one more time:

“I love you so much and want to see you happy all  
the time, so please take care of yourself”

And please don't forget to take a photo of your  
**Booklet** activities and send it to us. We will be  
surprised and happy to see your talents. You can  
also share your beautiful photos and handicrafts  
with **#DCAwearetogether** on your social media  
pages.
