Dear Parents,

Keeping up with all the temporary changes, please allow to us to introduce our fifth booklet. Of course it's not easy to see what is happening in the world. We all developed more careful, more attentive living conditions, we are sure that the first days, not being able to raise our heads from the news, turned into a reflex that gave hope to our environment, our family.

We will also add booklets to your homes and live broadcasts to our Youtube channel starting next week, which we now enjoy with pleasure. In line with this request from you, our teachers will have our students.

While repeating our program, the knowledge gained and adding new ones, perhaps with an application of education that we have never dreamed of, our teachers sometimes work with diligence and pride from our school and sometimes from their home.

Earlier this week, FIT KIDS / FIT FAMILIES; In another sense, it is compulsory to stay strong, joyful family games ... They prepared the use of our sports and entertainment cards for Youtube shots of our beloved sports instructors, with their descriptions, the way they use the cards ... For this, visit our DCA Youtube Channel.

In order to remain hopeful, we must be able to be solid. With the food we buy, the love we share, our mood, our serenity and our strength in muscle.

We love all of you!

You are all very precious.

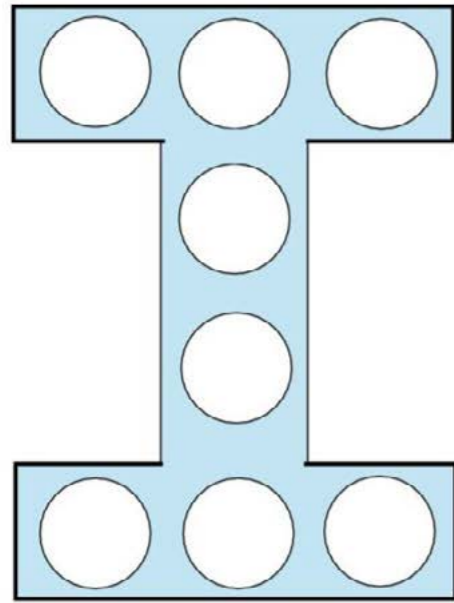

All the best,

DCA Foreigner Language Department
