Our dear parents

Before any explanation about this week's topic, it is necessary to mention that we appreciate your feedback.

Each of your loving messages is the double motivation for us in these difficult days...

The days when we wish to see the happy children of our land again and we are doing all we can for keeping a smile on their faces and hope in their hearts.

So please accept our warm thanks.

Given that most of our time is spent at home these days, the theme of this week is to get acquainted with the common tools in the parts of the house where children interact more with these parts.

We hope they enjoy discovering these things in English with you at your loving home.

DCA Foreigner English Department

As the first part, let's start with the **KITCHEN**, where delicious foods are cooked ...

The most important things which we see in the kitchen are these objects, please pay attention carefully to each picture and repeat again after your parent's pronunciation.

REFRIGERATOR

TOASTER

MICROWAVE OVEN

ELECTRIC GRILL

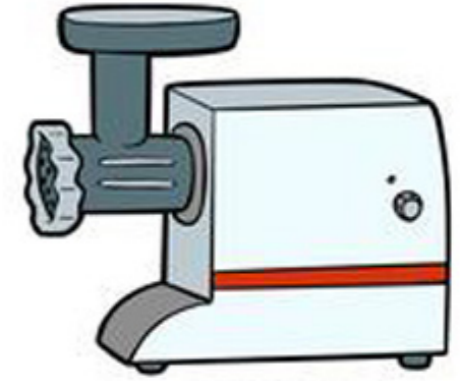

STOVE

COFFEE MACHINE

ELECTRIC KETTLE

MEAT GRINDER

KITCHEN SCALES

HAND MIXER

JUICE EXTRACTOR

PLATE

BOWL

SPOON

FORK

GLASS

CUP

PAN

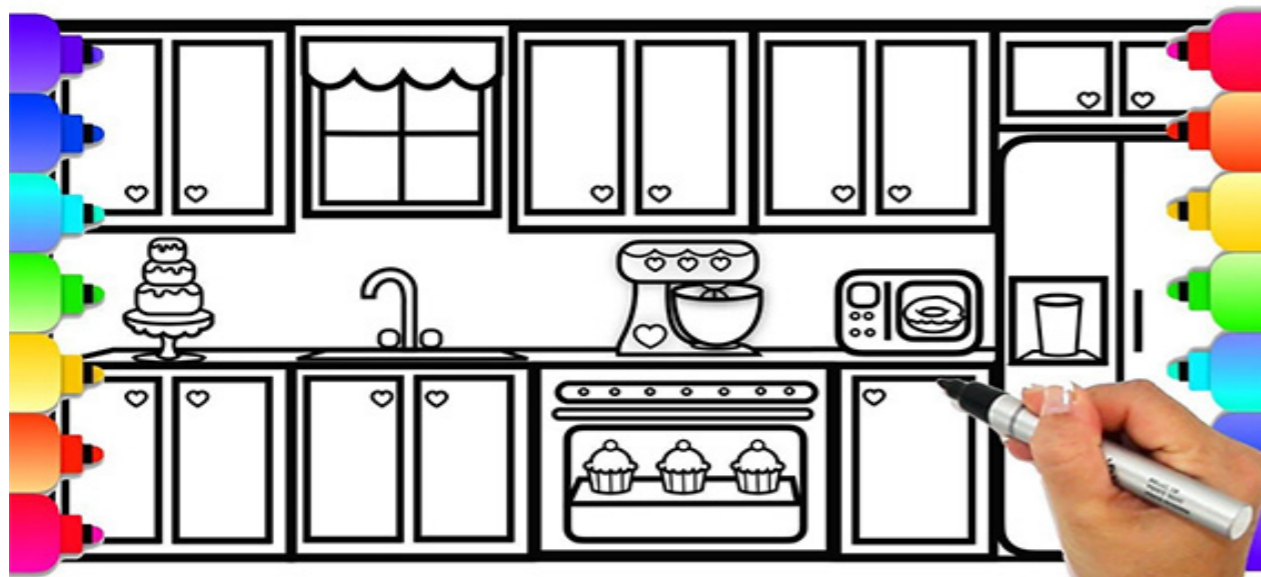

POT

Now, look at the pictures carefully and find the above objects.

Well done, now let's paint these kitchens together and then say the names of the objects together out loud.

Now that we have learned the kitchen objects well, let's make something delicious together!

Rainbow salad

Nutrition: Per serving

kcal	fat	saturates	carbs	sugars	fibre	protein	salt
697	30g	3g	77g	13g	9g	24g	0.5g

Ingredients:

350 gr pasta

200 gr green beans, chopped into short lengths

160 gr can tuna in olive oil

4 tablespoon mayonnaise

4 tablespoon natural yogurt

½ small pack chives

200 gr cherry tomatoes

1 orange pepper, cut into little cubes

Cook the pasta (2 minutes less than the pack instructions) and drain well. Cook the green beans in hot water for 2 minutes, then rinse in cold water and drain well. Mix the tuna with the mayonnaise and yogurt. Add the chives, if using.

Tip the pasta into a large glass bowl.

Add the tuna dressing over the top of the pasta. Add a layer of green beans, followed by a layer of cherry tomatoes, then the pepper and sweetcorn. Cover and chill until you're ready to eat.

Enjoy your meal

(You can also listen to this song when you are eating your rainbow salad)

After a fun cooking and eating a delicious salad, it's a good time to get some rest and watch TV.

So let's go to the **LIVING ROOM** together and see what is there!

Now, let's go learn together :

SOFA

WING CHAIR

TV STAND

TELEVISION

TELEPHONE

VASE

END TABLE

TABLE

CARPET

PICTURE

CLOCK

Now bring your paper and colored pencils, we want to draw this beautiful living room together while listening to music.

And I have a question!

Can you tell me the dangers you can find in the living room

How many dangers did you find?

Please explain to your parents and say why they are dangerous.

Now, it is the time that you should take a shower and wash your teeth and prepare for bedtime.

So let's go to the **BATHROOM** and see what kinds of objects are there in the bathroom.

BATHTUB

SHOWER

SHAMPOO

SOAP

WASHING MACHINE

WASHING POWDER

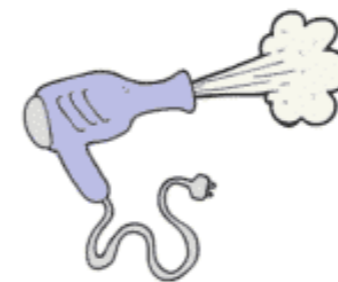

LAUNDRY BASKET

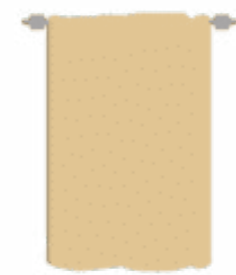

MIRROR

HAIR BRUSH

HAIR DRYER

TOWEL

TOOTHBRUSH

TOOTHPASTE

FAUCET

BATH TOYS

TISSUE

TOILET PAPER

trash can

TOILET

SINK

WELL DONE :D

Now, it is time to having: [Math in Bath](#) :D

It is so funny, let's get started

You see, bubbles are so cute...

But do you know how can you make bubbles yourself ?!

Wow! it is so amazing, let's learn together.

What You'll Need

- 10 cups of water
- 1 cup dish soap
- 1 teaspoon of glycerin (optional; found at pharmacies)
- A wide, flat pan
- Chenille sticks
- Plastic drinking straws

What You'll Do

- Mix the water, soap, and glycerin together in the pan.
- To make bubble wands, shape large and small circles from chenille sticks, and twist on a handle. The straws can be used to make little bubbles.
- Dip the wands in the soapy mix, then blow!

To Play

(There's a lot to notice, do, and discover when it comes to bubbles. Here are some ideas) :

- Test different ways of blowing on the soap film—gently or forcefully, fast or slow.
- See how the bubbles pick up the colors around them.
- Notice the shadows made by bubbles. Look at the colors in the shadows.
- Try attaching a number of bubbles together on one wand.
- Pass a bubble back and forth between teammates.

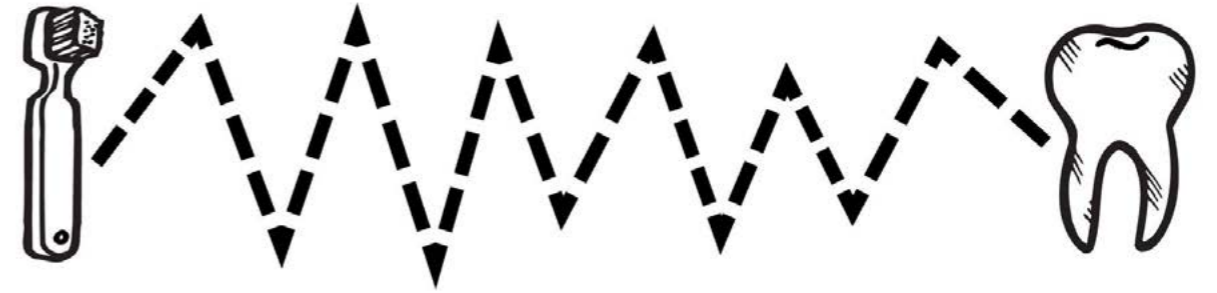

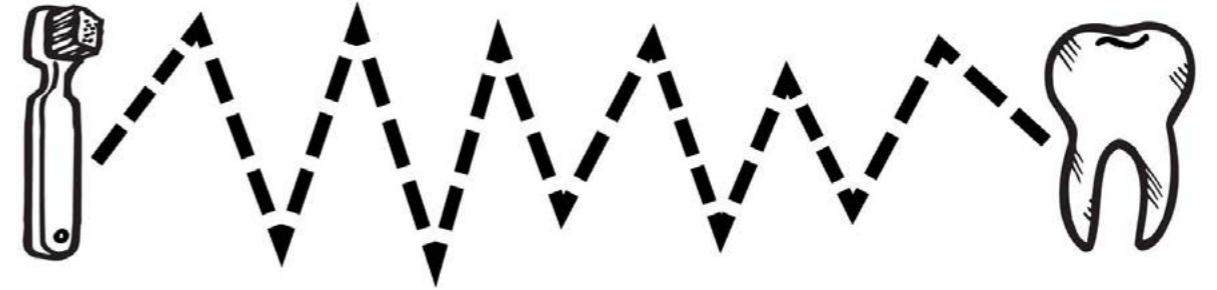

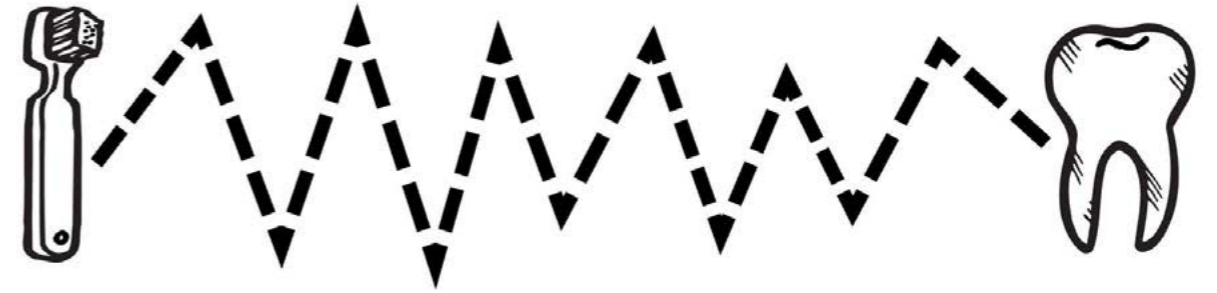

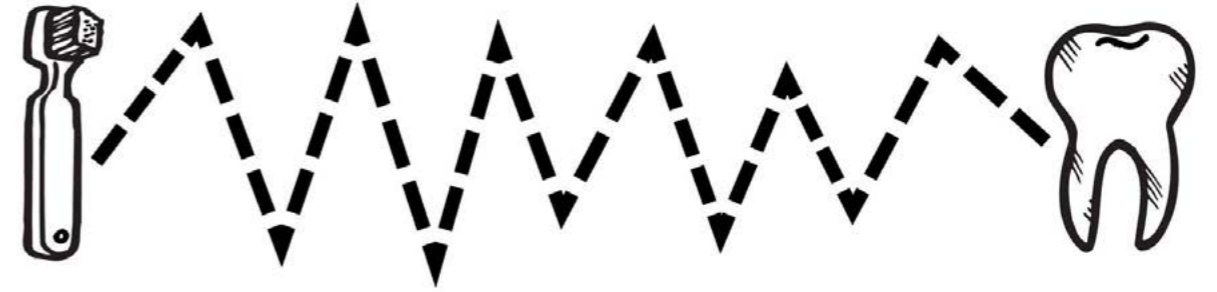

- Experiment with making a very big bubble.
- Use a straw to make very tiny bubbles.
- Observe what happens when a bubble pops.
- See how the wind affects where the bubbles go.
- Compare what happens to big bubbles and small bubbles in the wind.
- Discover which surfaces bubbles will attach to without popping, and notice how the bubbles look when they attach.

Now, you can make your bubbles and sing songs

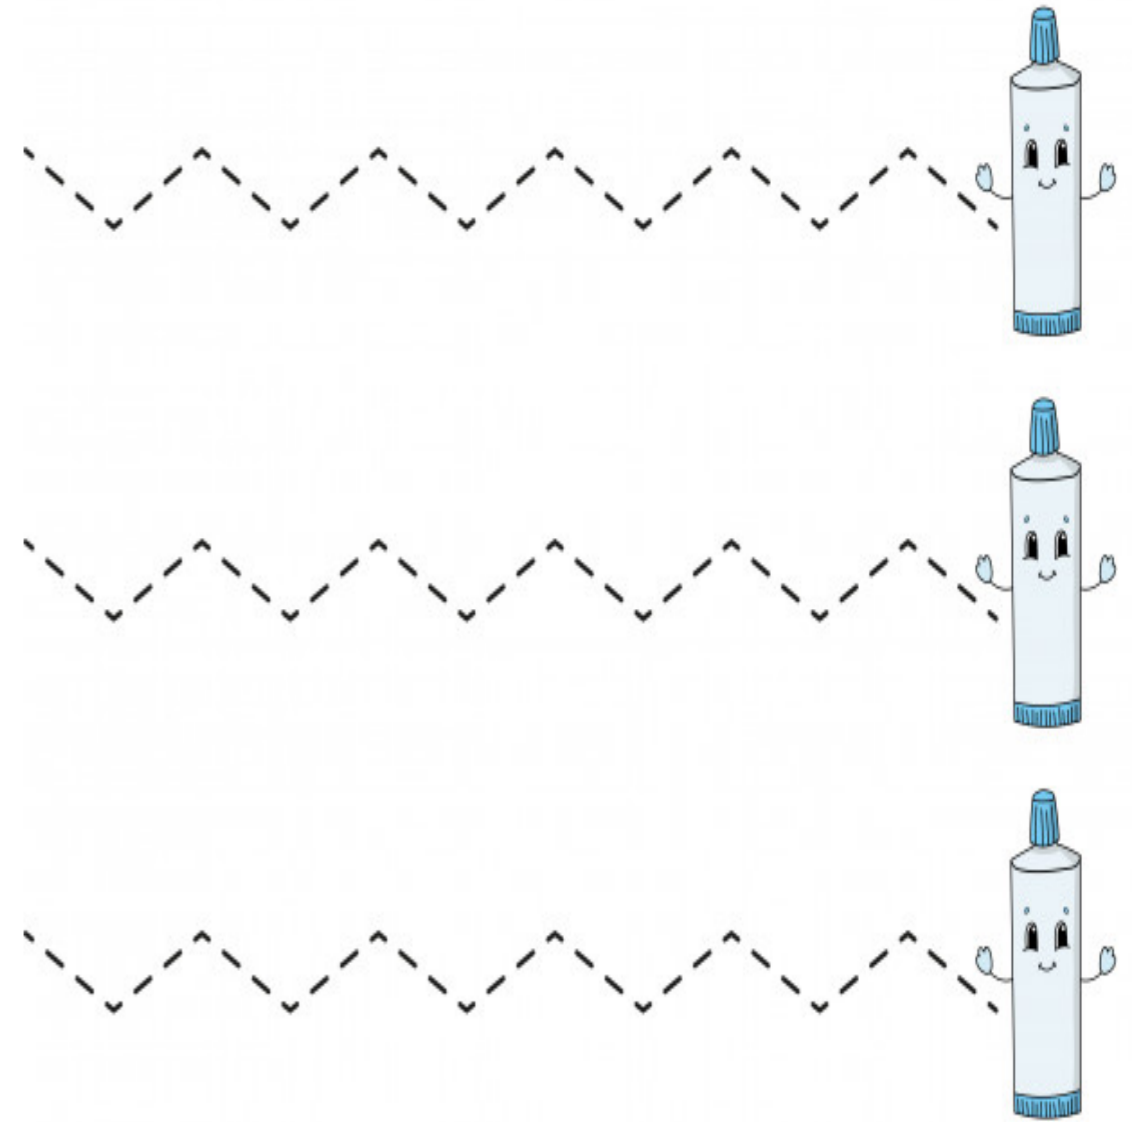

Now please complete the path and catch the toothbrush and tooth.

And : Cutting Practice

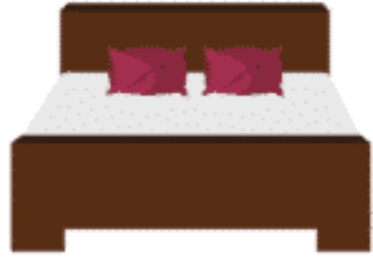

Wow, we had so much funny activity...

And it is time to go to bed :D

So let's go to the **BED ROOM** !

Now look at carefully, what objects can we find in our bedroom before sleeping!

BED

BESIDE TABLE

CLOCK

PILLOW

BOOKSHELF

DESK

DRESSER

DRESSING TABLE

BALANCED-ARM LAMP

MIRROR

TABLE LAMP

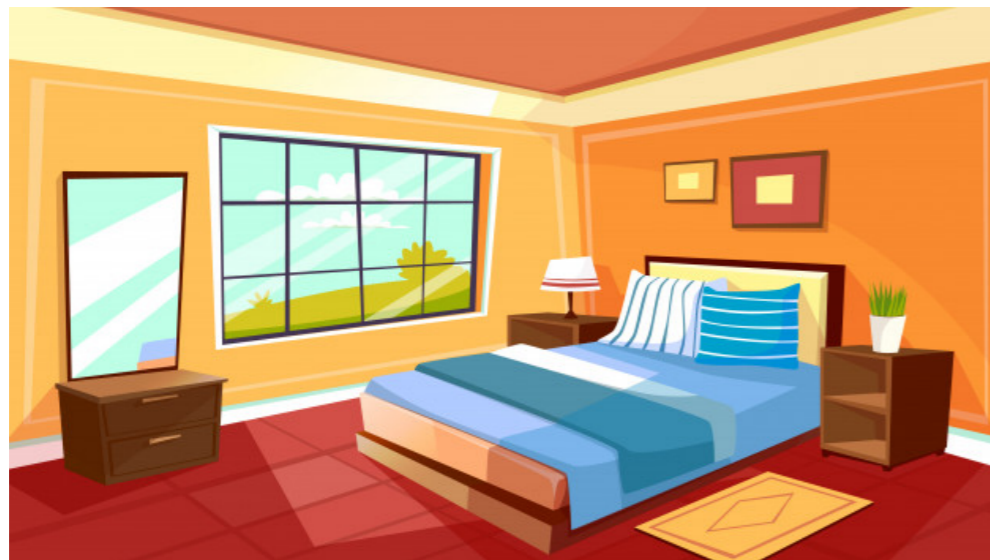

CURTAINS

PICTURE

----- Thank You -----

Now, would you please tell me which of these bedrooms are dark? And why?

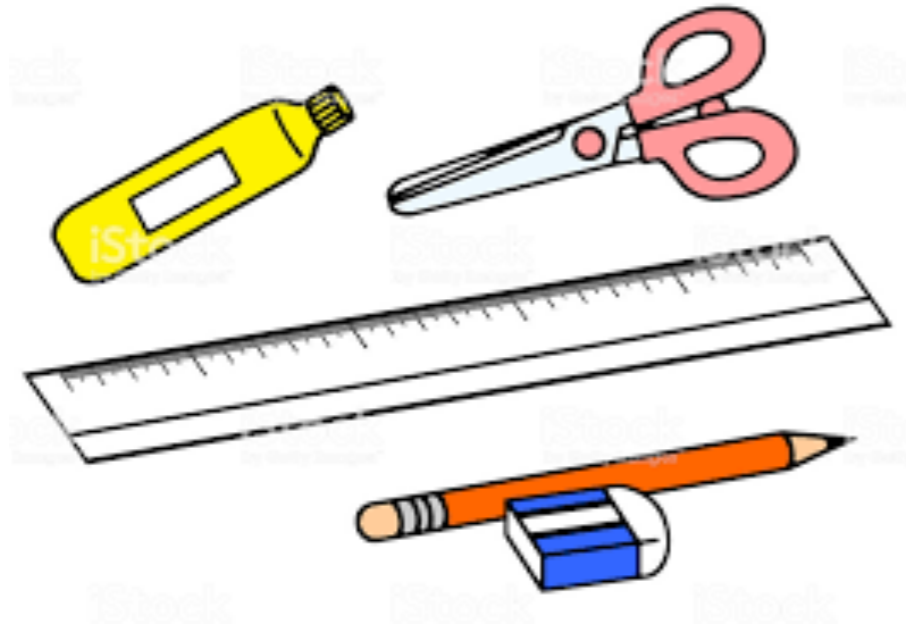

Do you want to make a **Chinese paper lantern** for the time your bedroom is dark, and make your bedroom beautiful?!

Here's what you need:

- .Paper or cardstock (preferably red or yellow)
- .Scissors
- .Stapler or tape
- .Glue
- .Ruler
- .Pencil
- .Things to decorate your lantern with: gift wrap paper, washi tape, ribbons, sequins, stickers, glitter glue, small buttons, etc.

Prepare the paper.

Start out with an A4, Letter size, or any rectangular sheet of paper or cardstock. Red and yellow are preferred colors for a Chinese-themed lantern but you can always choose any color you like

Make the handle.

Cut a 2.5 cm wide strip off on one short side. Set this aside for the handle.

Fold the paper in half.

Fold the paper in half, lengthwise.

Draw a horizontal line.

Draw a horizontal line one inch from the long edge opposite the fold.

This line is just a guide for cutting and may not be necessary for more mature crafters.

Cut the first slit. Starting from the folded edge, cut a straight line about an inch from one short edge, all the way up to the horizontal line.

Cut more slits.

Continue to cut more straight lines about 2.5 cm apart until you reach the opposite short edge of the paper.

Remember that the horizontal line marks the point where you stop cutting each straight line.

Unfold the paper.

Unfold the paper. The paper will have several vertical slits along the middle. Erase any pencil marks or re-fold the crease the opposite way to hide the pencil marks at the back.

Decorate the top and bottom edge.

You can keep your lantern plain or decorate the top and bottom edges. Here are some ideas you can try:

a.) Paint or color - make a border by painting or coloring the top and bottom edge of the paper.

b.) Draw details - create patterns and details with glitter glue, puffy paint, or colored markers.

c.) Glue a band - glue a strip of gift wrap paper, patterned paper, washi tape, fabric, lace or a wide ribbon to make a border.

d.) Glue shapes or notions - glue craft foam or felt shapes, small buttons, beads, sequins and other notions.

Remember to leave at least ½-inch of undecorated area on one top corner. This gap will allow you to connect the two edges of the paper to form a lantern.

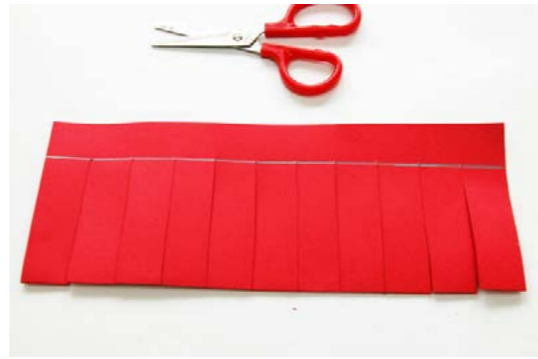

Form the paper into a lantern.

Transform the paper into a lantern by forming it into a tube shape. Overlap the long edges at least 1.5 cm. Staple or tape at the top and bottom of the overlap.

Glue the handle.

Take the paper handle you made in Step 2. Glue the ends on the inside of the lantern's top edge. Decorate the handle if you like.

Once the glue dries, you can hang use it.

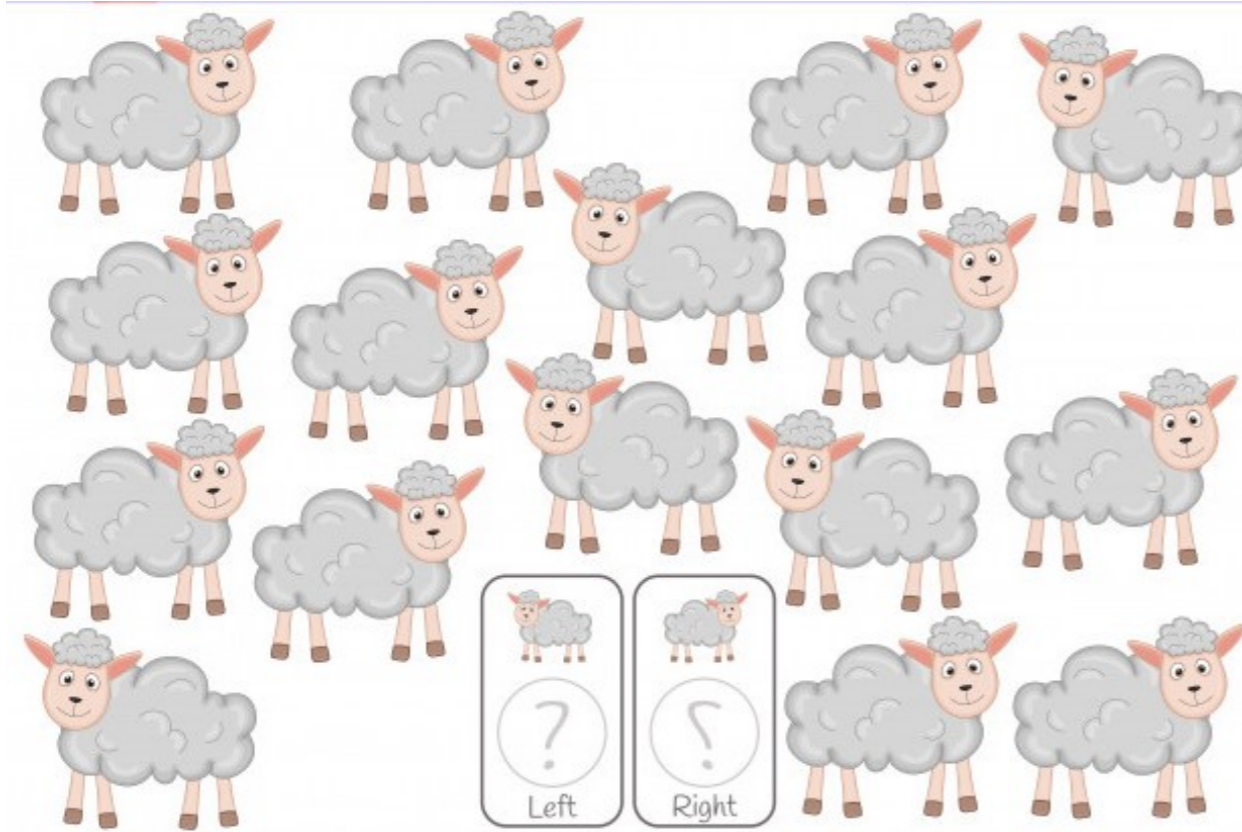

You can also listen to these songs when you are making your Chinese Paper Lantern.

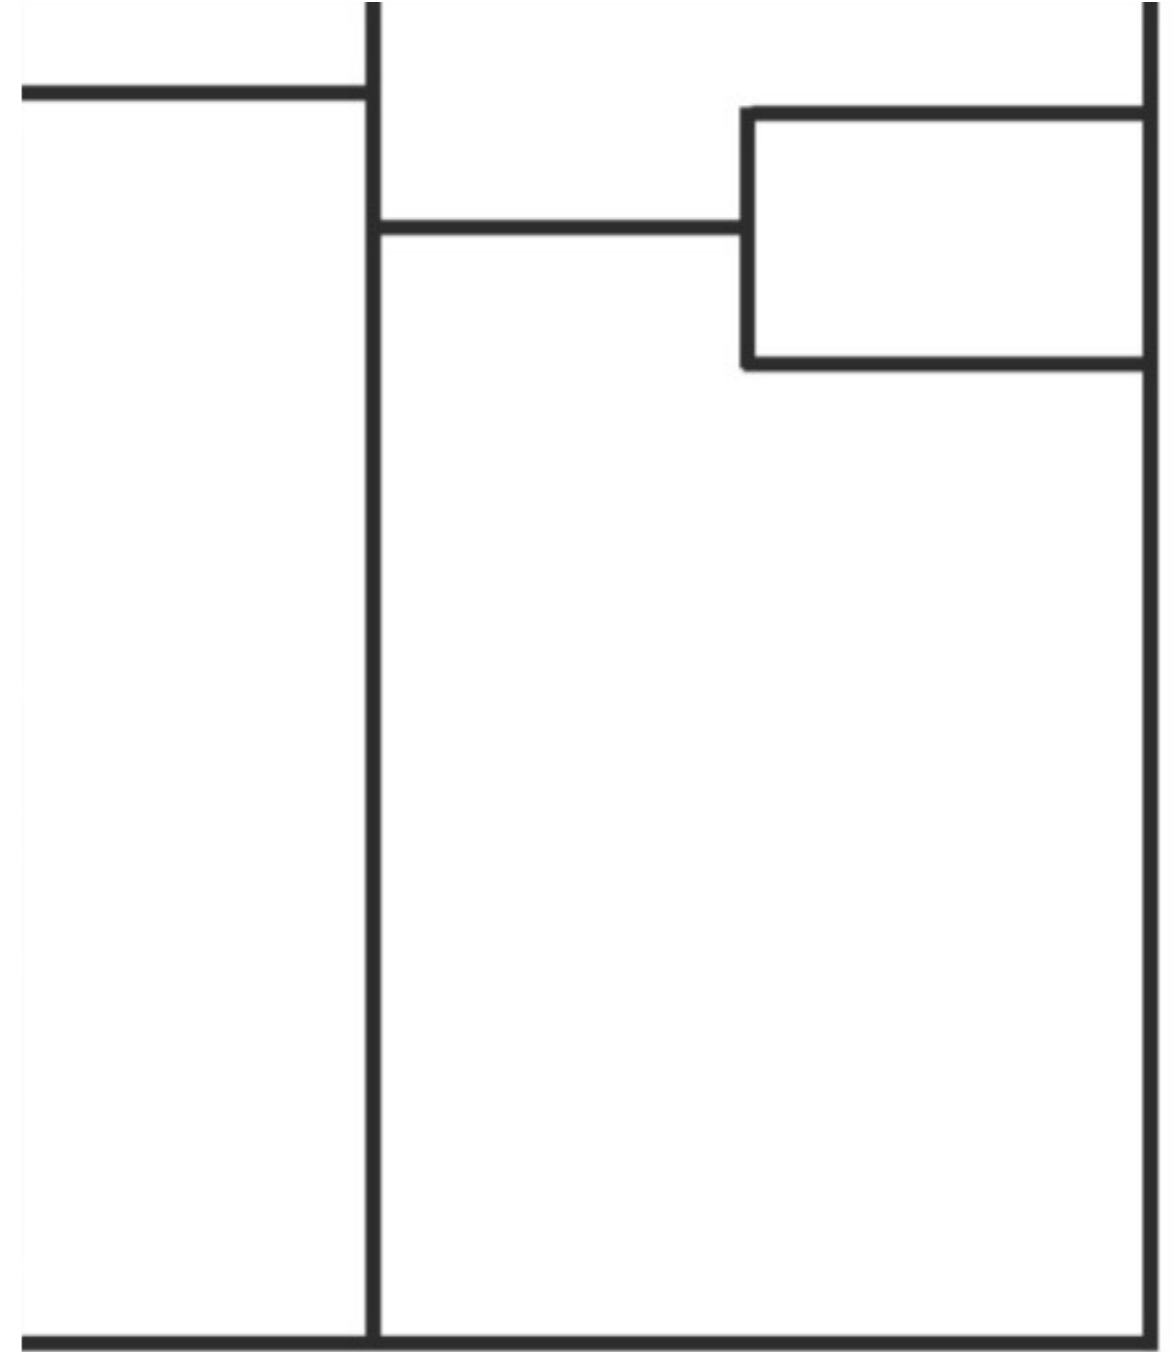

Now let's close our eyes and think about the good things,
the beautiful day we spent together, and the new things we
learned together.

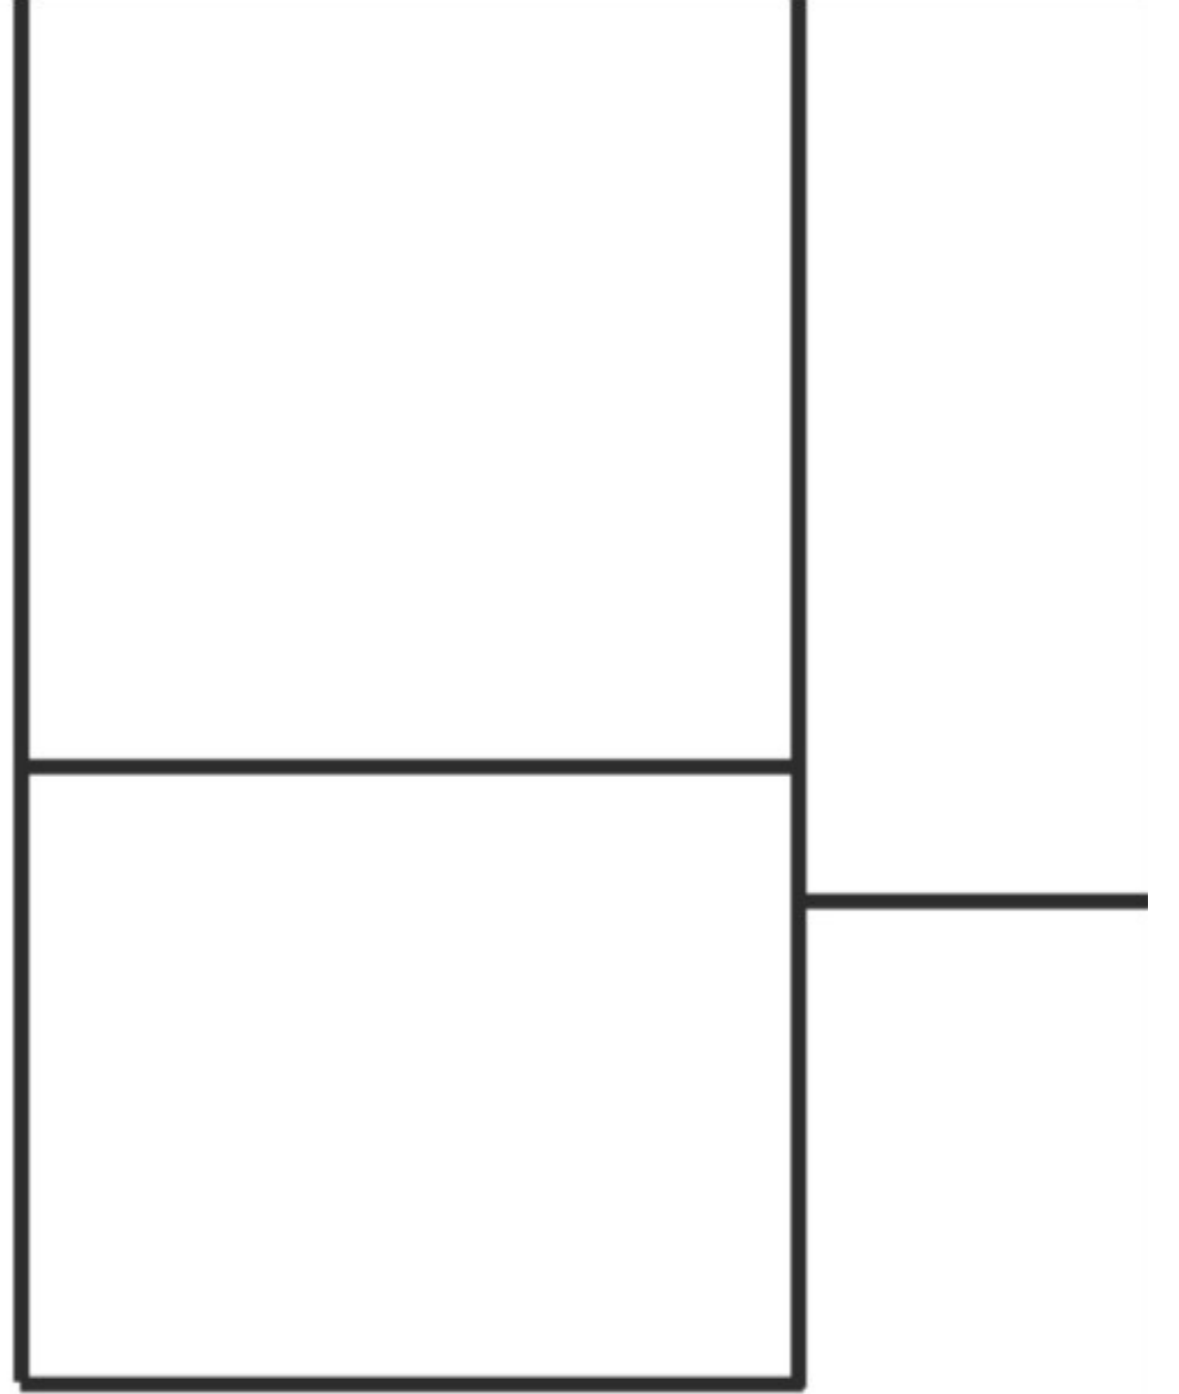

I'll make a house for you so you can decorate it as you like.

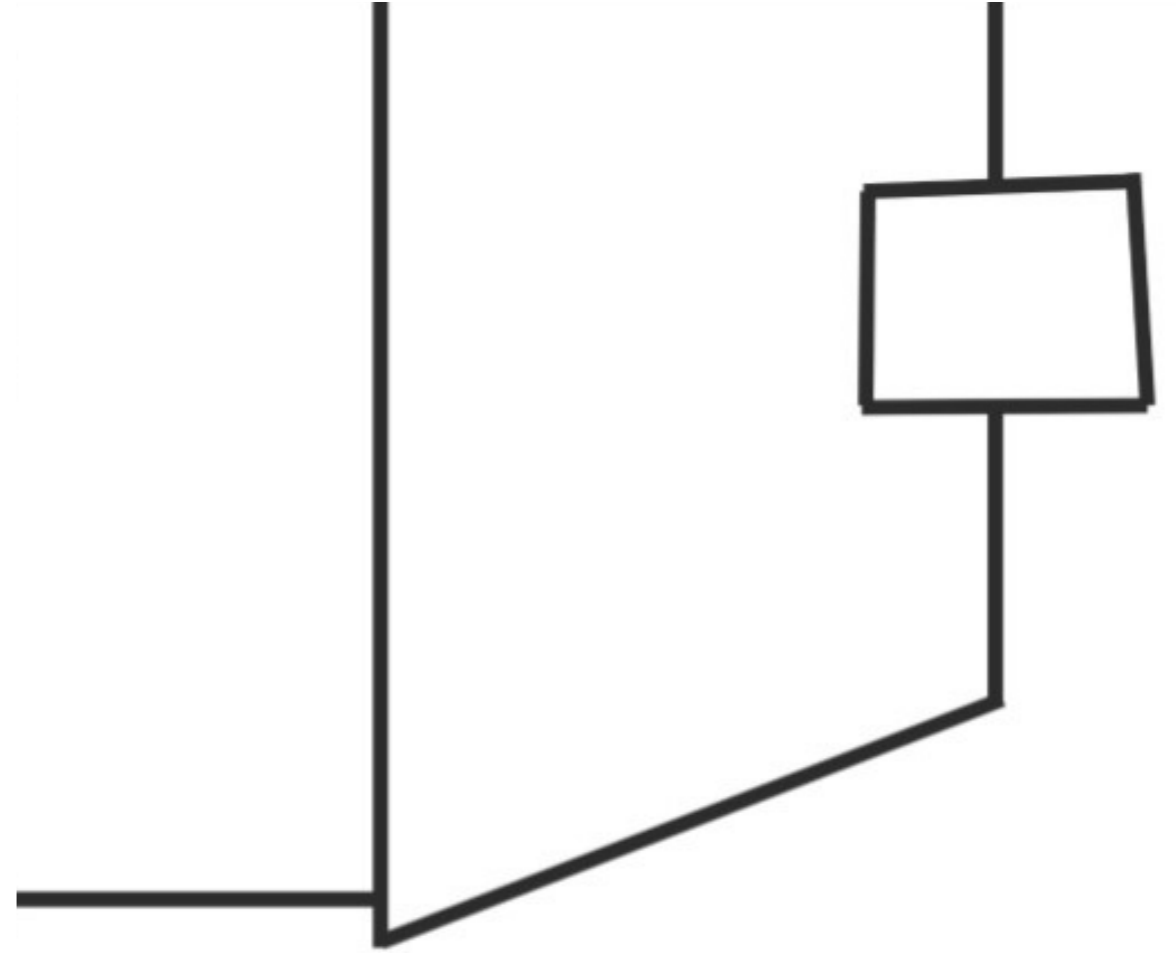

But if you still can't sleep, you can count these sheep and
tell me how many sheep look to the right and how many
sheep look to the left!

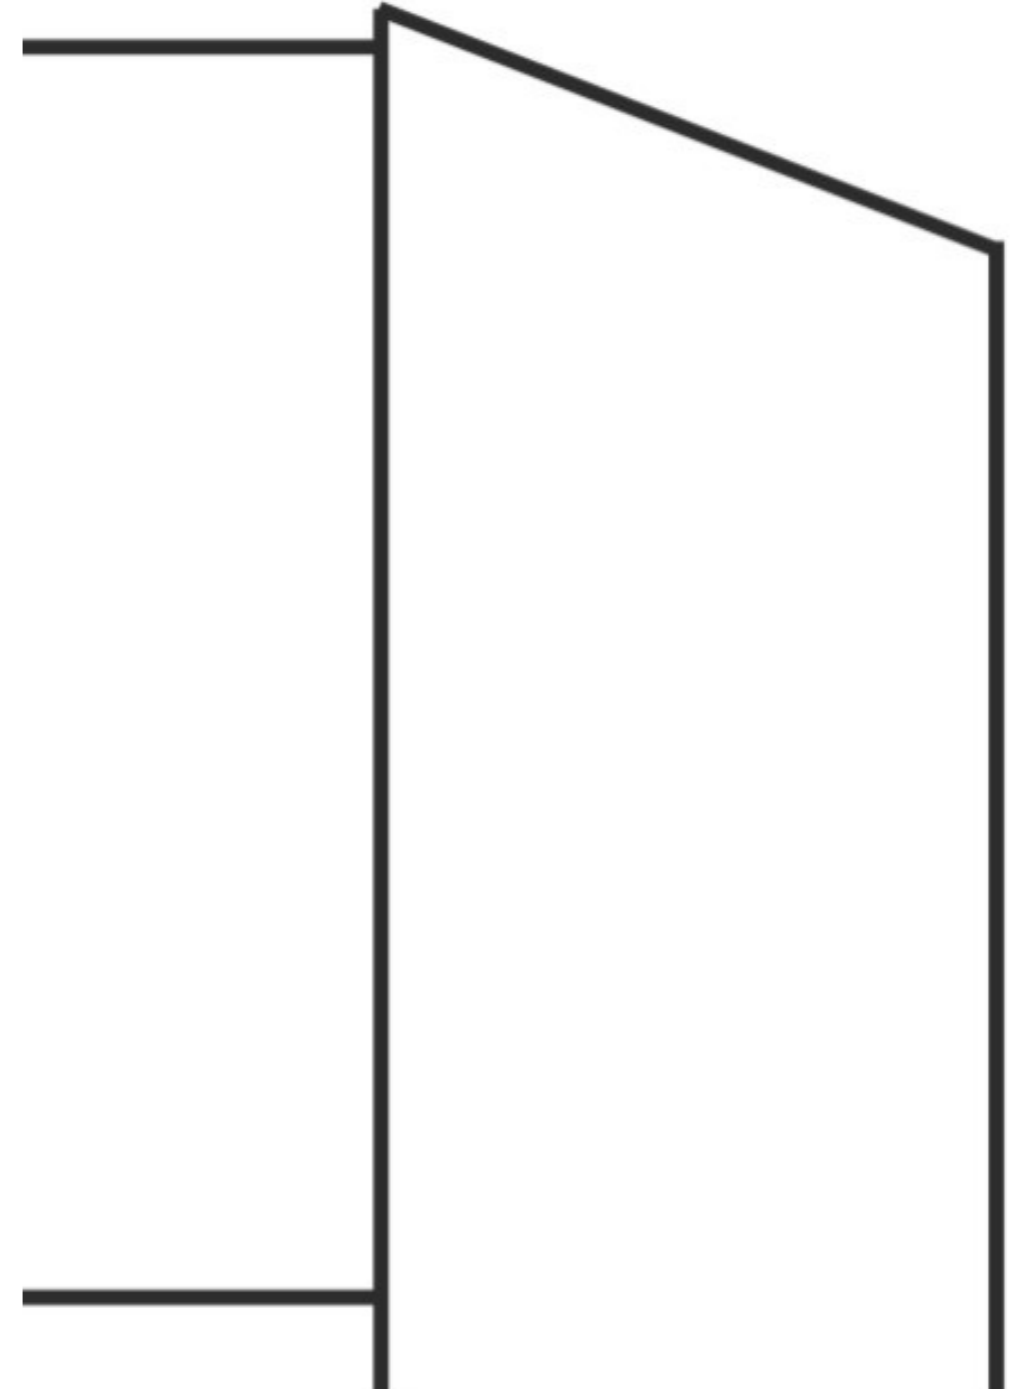

The pattern for your home, please cut them.

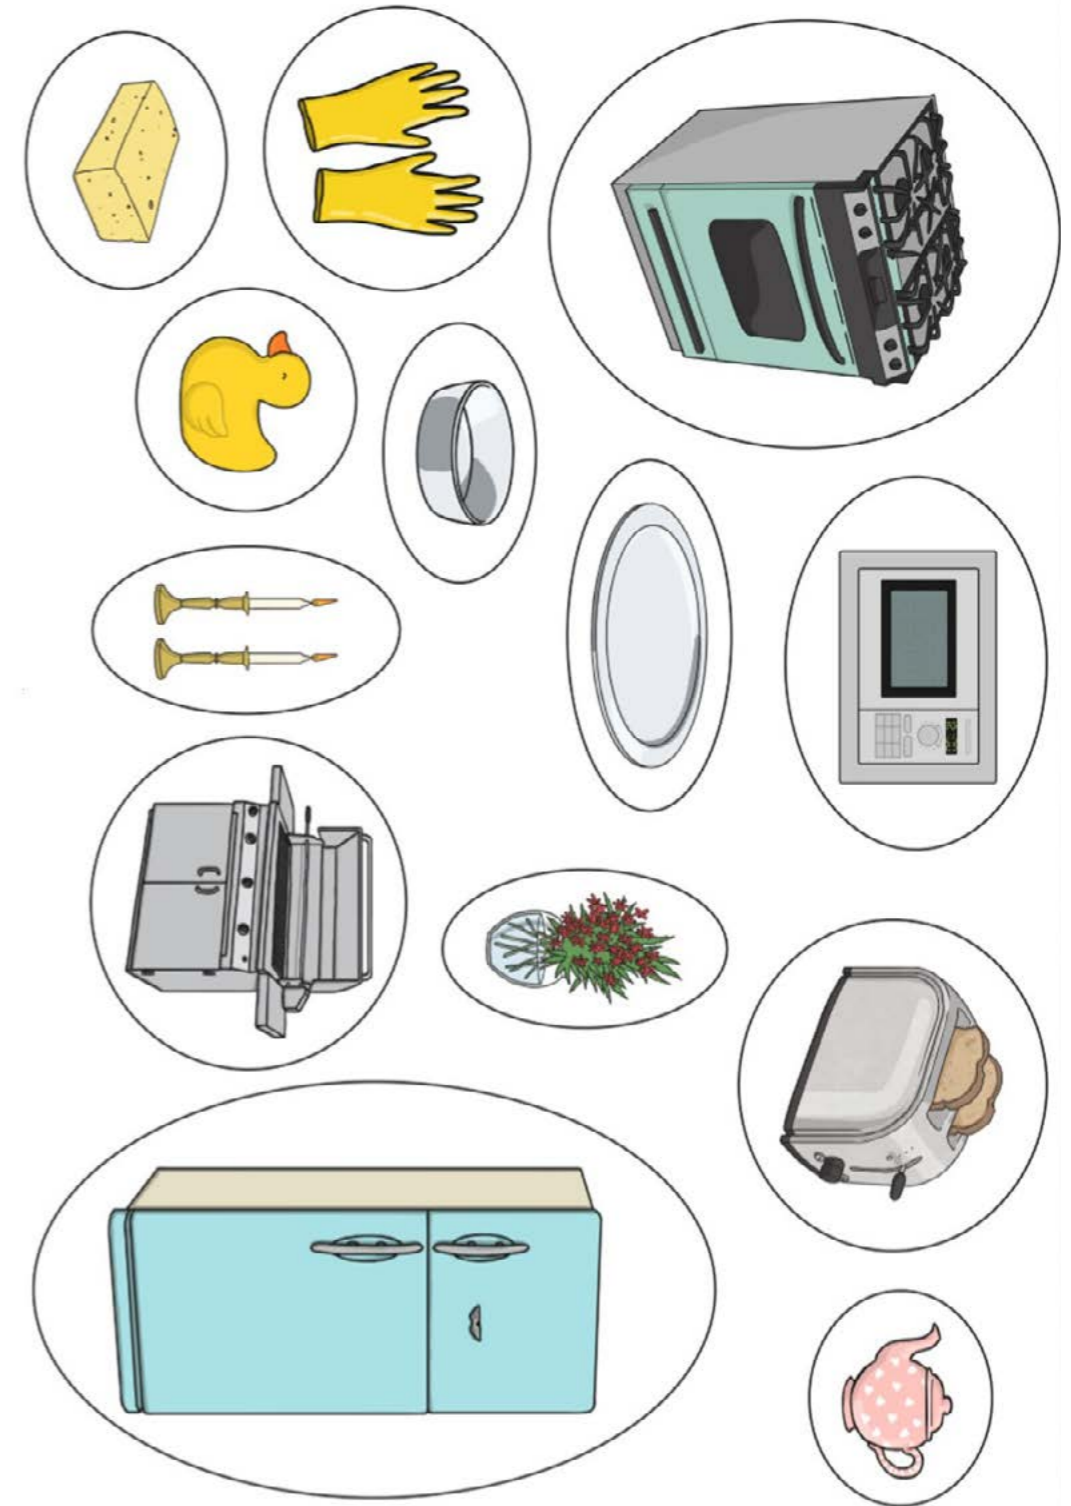

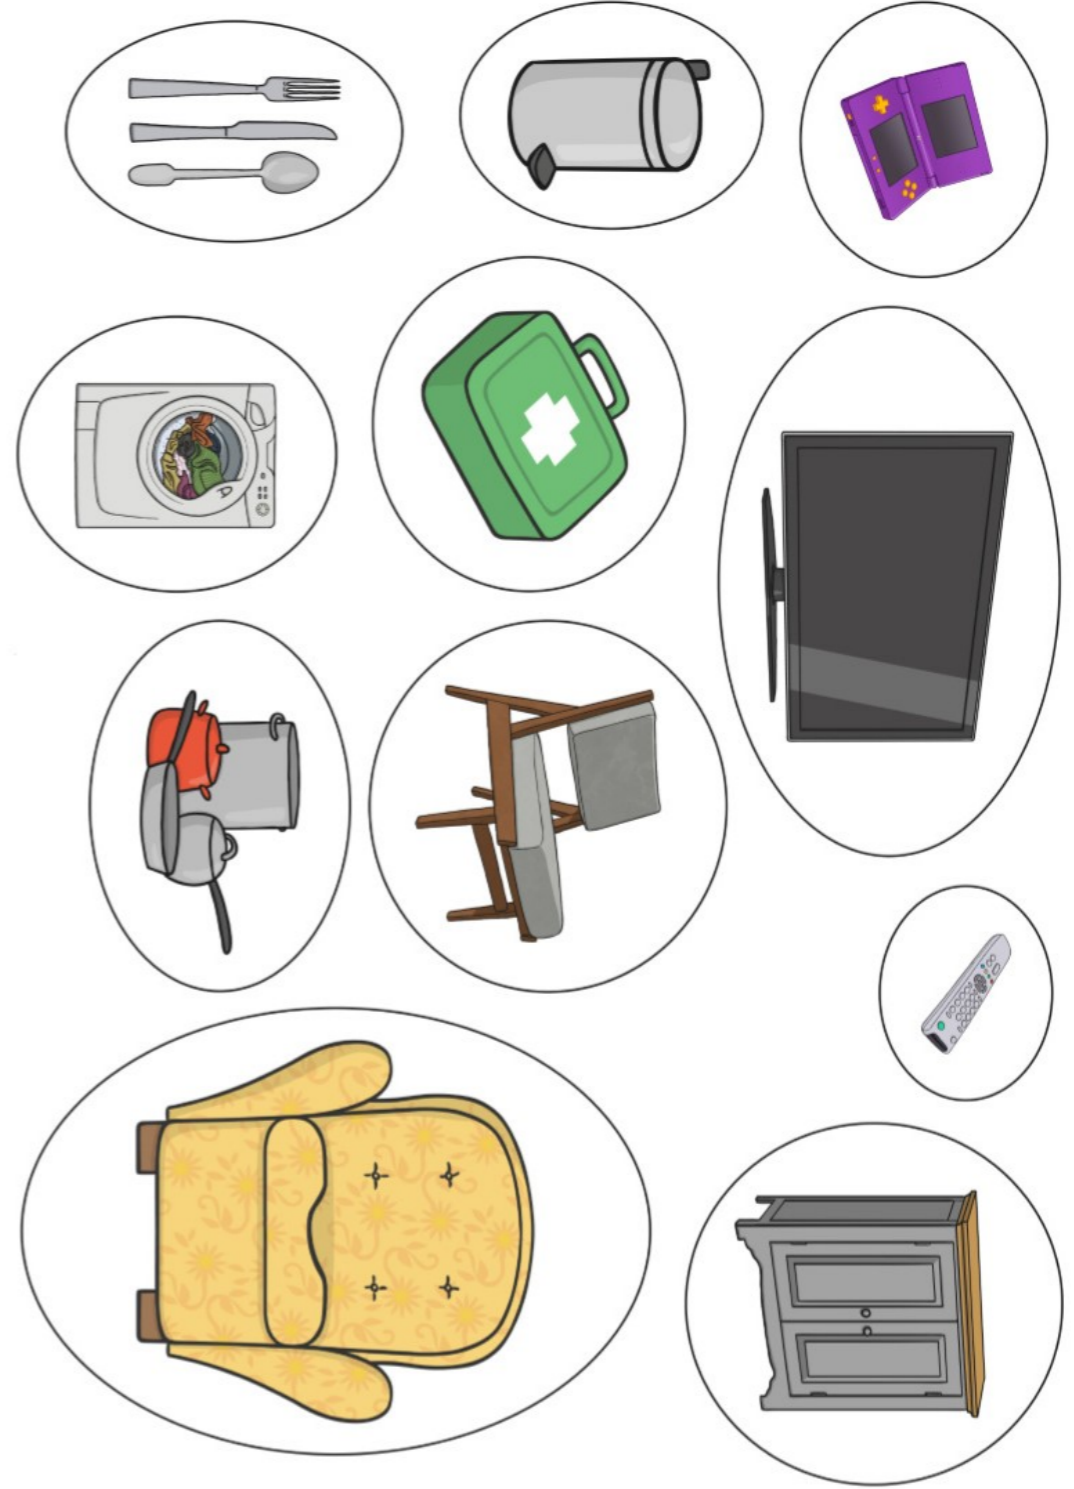

Now attach them together with glue.

Then cut these pictures and start to decorate your home.

Please don't forget to take a photo of your **Booklet** activities and send it to us. We will be surprised and happy to see your talents. You can also share your beautiful photos and handicrafts with **#DCAwearetogether** on your social media pages.
